### County Choices

Election day is only three weeks away and most people are still wondering who they are going to vote for.

As far as the county offices are concerned we do not have that problem.

First Assistant State's Attorney Jack Hoogasian, the GOP candidate for state's attorney is our choice in that contest.

Hoogasian, who has had nine years in the office of the state's attorney, we believe, will bring a vigorous change to the office.

He has handled most of the criminal matters in the office and despite the fact that the office doesn't only handle criminal matters, they make up the bulk of the job.

In the office of Recorder of Public Deeds we Page, Will, South Cook and North of operating costs, as required by select incumbent Frank Nustra who has proven his worth to the office and has instituted many new innovations there.

# Today's electric dryer runs for pennies a week.

The dollars saved buying one could run it for years.

Even before you plug in your electric dryer, you've saved money. That's called beginning economics. An electric dryer can cost you as much as \$40 less than a gas dryer.

Once you plug it in, your electric dryer will cost you less than 30¢ a week. Subtract that from the \$40 it's possible to save in the first place, and you'll be paid-up for years ahead. (That's called practical economics.)

Meanwhile, your electric dryer keeps giving your laundry the same gentle, radiant heat it would get from the sun. With at least one added advantage: every day is sun-day.

Any machine that can save laundry for a rainy day (and let you bank on sunshine) ought to be worth a fortune. And it is.

It just doesn't cost a fortune. Commonwealth Edison Company
